How does it work?

- You can buy any number of Premium Display Credits for just £10 each month (minimum term three months e.g. two credits per month for a minimum of three months)
- You then choose which property you would like to apply the credit to and it will automatically receive the enhanced treatment - make sure you choose the best label for each property
- The treatment lasts until the property has sold or let, albeit subject to a maximum of 12 months duration for a sales property and three months duration for a lettings property
- Credits are added to your account in OnTheMarket Expert and you have two months to apply them to any of your properties
