

# Revenue protection and recovery

OnTheMarket agents can now benefit from our partnership with MIL, the UK's leading estate agency revenue protection and recovery specialists. When you sign up, MIL will monitor, trace and recover any fees you might be due as a result of a withdrawn property being sold privately to a buyer introduced by you.

## How it works

- Two different sign-up options available offering different commission structures, exclusive to OnTheMarket agents
- We'll provide MIL with your withdrawn properties from the last eight months and all new withdrawn properties from the date you sign up
- You can provide withdrawn properties from as far back as two and a half years
- MIL will monitor your withdrawn properties on a daily basis
- You'll always be consulted before a lost fee is pursued
- Any necessary litigation is professionally actioned through MIL's FCA regulated debt collection agency and SRA registered solicitors

Monitor

Trace

Recover

## Benefits

- As an OnTheMarket agent, the service is free to you
- We'll do all the legwork by providing your withdrawn properties to MIL
- Recover revenue you didn't even know you were due, without the hassle
- Using MIL means there's no risk to you
