

# Your Property Services

Get the most out of your existing database and win more instructions with Your Property Services. We'll provide you with your very own remote property services assistant who'll nurture your leads and act as an extension to your team.

## Benefits

- Your Property Services is tailored to your needs. Whether that's generating valuations, mortgage leads, landlord referrals or general applicant cleansing
- Think of it as having a new member in your team. Scripts are tailored to your company's tone of voice and can be personalised during your onboarding process
- Identify opportunities from historical leads

## How does it work?

- Send your Property Services assistant the clients from your database that you want them to call These can come from any source, not just OnTheMarket!
- Your Property Services assistant will create a pipeline of well-qualified and motivated leads as they work through the database you've provided
- This service has a small set up fee and is then charged on a "Cost Per Lead" basis, meaning you'll pay when we start to bring value to your company
