Great reasons to start your property search with us...

Be one of the first to see our Only With Us properties

Many of our member agents list their new properties with us, 24 hours or more before Rightmove or Zoopla, giving you a competitive edge in the search for your next home. Look out for properties with the Only With Us label and the countdown clock! To be one of the first to see these properties, sign up for instant property alerts and you'll automatically receive emails detailing properties that match your search criteria.

Some of our agents choose to list their properties exclusively with us, which means you won't find these properties on Rightmove or Zoopla (these carry an Only With Us banner, but no countdown timer).

Instant online valuation

Our online valuation service gives you a free and instant estimate of your home's current value. Start by entering your postcode, answer a few simple questions, and you'll have your valuation in under three minutes from start to finish.

Once you've received your online estimate, if you'd like one of our expert estate agents to visit your property and provide a personal market appraisal, our handy tool can also help you to find OnTheMarket agents quickly in your local area.

OnTheMarket. Because your property search just got serious.
