

Serious about selling or letting your property?

It makes sense to choose an agent who's with **OnTheMarket**

How OnTheMarket gives you an edge if you're selling or letting...

With over 75% of consumers telling us every month that they're confident they'll move within the next three months*, there really is no better time or place to showcase your property.

Only With Us properties for serious property seekers

We feature thousands of Only With Us properties every month, 24 hours or more before they appear on Rightmove or Zoopla. This makes our website a great place for serious property seekers who are looking for their next home.

Both the Only With Us banner and countdown clock really make these properties stand out in search results. The Only With Us banner is shown until these properties are released to Rightmove or Zoopla. The countdown clock lets property seekers know how long these properties will only be on our website for. Clever, eh?

Another good reason why millions of serious buyers search for properties on our website every month is because some of our agents choose to list their properties exclusively with us, which means buyers won't find these properties on Rightmove or Zoopla (these carry an Only With Us banner, but no countdown timer).

Wide exposure for your property, looking its very best

As the third biggest UK property website in terms of visits, your property will benefit from wide exposure as well as being presented clearly and beautifully.

Excellent search experience

OnTheMarket has been designed to deliver a great search experience whatever device the viewer is using – smartphone, tablet, laptop or desktop.

OnTheMarket. Because you're serious about selling or letting.

Our new website has great tools to help property seekers find their next home...

Ask The Agent

For super-keen buyers or renters, this feature enables property seekers to get ahead of the crowd and register their interest in a property before it's listed, so that they can view it as soon as it becomes available.

Reserve Buyers List

Allows motivated buyers to go on a 'waiting list' for a property which is currently under offer, so they're among the first to be notified should it become available again if the current sale falls through.

Viewing Time Requests

When property seekers find a home they'd like to view, they can easily request a viewing with our online tool. In just a few clicks, their appointment is booked with your agent.
